Assise multi-configuration pour les espaces d'attentes / Multi-configuration Seat for Waiting Areas

Cette collection composée d'éléments indépendants, banquettes, chaises, fauteuils et bancs, peut librement se combiner pour répondre à de nombreuses configurations. Elle peut équiper les espaces d'attente de gares, d'aéroports ou d'hôpitaux. Elle se compose d'un piètement qui supporte les assises qui sont travaillées comme une dentelle de métal.

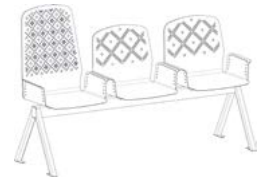

This collection, composed of independent elements, tiny benches, chairs, armchairs, and benches, can easily be combined to meet various configurations. It can furnish waiting areas in railway-stations, airports, or hospitals. Its frame supports the lacy-worked metal seats.
