

_zig&zag by Vivien Durisotti et Antoine Fritsch

Corbeille urbaine design / Design City Bin

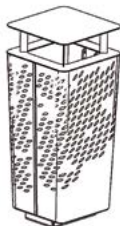

La corbeille complète la gamme design Zig&zag reconnaissable à son motif ondoyant. Elle peut être dotée en option d'un chapeau et cendrier. Son système de maintien du sac est escamotable, il bascule à 100° pour faciliter l'évacuation du sac.

The bin completes the Zig&zag design line recognizable by its undulating pattern. It can be equipped with an optional cap and ashtray. Its bag holding system is retractable, it tilts 100° to facilitate the removal of the bag.
